Professional Test Pro LLC is a privately held e-learning firm based in central Arizona. Professional Test Pro researches, develops, and produces test preparation software to people taking certification exams all over the world.

Professional Test Pro is built on teachers, technology developers, and certified analysts to help combine learning objectives, latest technology, and detailed questions to help our customers pass certification exams first time.

Professional Test Pro products expose the critical concepts that allow any test-taker to quickly improve his or her score with a minimum of effort. In addition, our products have been developed by experts in each test's field of study to ensure accuracy and correctness of product content. Our goal is to help you get certified the first time, guaranteed. We align our questions both in content and in format to the actual certification exam so you will be well prepared for your certification exam.

Professional Test Pro can provide to APICS Chapters the following tests for a great price.

1. All 5 Certified Production and Inventory Management (CPIM) Tests
2. Basics of Supply Chain Management
3. Master Planning of Resources
4. Detailed Scheduling and Planning
5. Execution and Control of Operations
6. Strategic Management of Resources
7. Certified Supply Chain Professional (CSCP)

Additional discounts are available if place Professional Test Pro logo and link on your chapter home page.

Our web system is designed for APICS chapters. You would have the ability to

1. Create new user logins for your chapter yourself.
2. Review the progress of your users. Have they logged in? What questions are they getting right?
3. Get summary reports on how your students are doing.
